RE: Promesa Title III

Answer to Objection  
Claim 16366/42949/33643  
Carmen Yolanda Rivera

Dear Sirs:

Hereby is the answer to the Objection to the claim for payment of the owed monies related with the benefits of the Commonwealth of Puerto and the Puerto Rico Highway Authority Retirement.

The objection presented indicates that the claim did not include sufficient evidence to establish that there is a debt in my favor.

Such objection is rejected since, prior to this notification, evidence of the contributions I made to the Retirement Plan was filed in court where it is proven that the aforementioned entities owe me the payment corresponding to said contributions as established in the retirement contract.

For this reason, it is requested that the objection presented be not allowed.

Pending your prompt attention to this matter, I remain  
Cordially,

/Signed Carmen Yolanda Rivera
